

TEKNIKUM® Rubber fastening straps for tarpaulins

Teknikum rubber fastening straps for tarpaulins are made from a high-quality black EPDM rubber, which is weather- and ozone-resistant. The straps withstand outdoor use and frozen conditions.

The product is suitable for multiple applications, such as tarpaulins wrapped around trailers.

TECHNICAL PROPERTIES

Structure

- Black EPDM

Temperature range

- 40°C...+100°C

ENVIRONMENTAL RESISTANCE

- Weather- and ozone-resistant

MANUFACTURER

Teknikum Oy (Business ID FI07645274),
Nokiankatu 1, 38210, Sastamala, Finland
