

## TEKNIKUM®

### Dotted rubber mat

#### APPLICATIONS

Teknikum® Dotted rubber mat is used to protect floors from wear, e.g. in entrance corridors, utility vehicles, boats, public facilities and restaurant areas.

Due to its elasticity, the mat feels flexible and comfortable underfoot and acts as a sound insulator.

The Teknikum® Dotted rubber mat is manufactured from a mixture of natural rubber (NR) and styrene-butadiene rubber (SBR). This provides good resistance to wear and minus temperatures. The rubber compound is awarded by "Made in Finland" Key Flag symbol.

Available in black and grey color.

#### ADVANTAGES

- Durable, wear-resistant surface to protect flooring
- Great for gathering dirt
- Acts as a sound insulator
- Endures cold temperatures
- Comfortable and flexible underfoot
